

Seagoville Federal Credit Union

Dear Member,

Thank you for financing your vehicle with **Seagoville Federal Credit Union**. You are a valued member of our credit union and we would like to inform you that **you are eligible** for two great auto protection products!

GAP - Guaranteed Auto Protection

Don't get caught in the insurance GAP!

Full coverage insurance policies only cover the actual cash value of your vehicle – something that rapidly declines during the first few years of ownership. During this time, you could easily owe more on your loan than your car is worth – more than your full-coverage insurance policy will pay if your car is totaled!

GAP protects you when you need it most – when your vehicle is declared a “total loss”. It pays the difference between your primary insurance settlement and the unpaid net balance of your loan*. GAP will even cover your insurance deductible, up to \$1,000, and is available for both new and used vehicles.

This great protection is available for only \$360, and may be added to your loan -- **WITHOUT** increasing your monthly loan payment. So don't get caught upside-down, get GAP on your loan today!

Vehicle Service Contracts

Times are tough so many members are deciding to keep their current vehicles long after the manufacturer's warranty runs out. But car repairs can be *expensive and inconvenient!* Is your vehicle nearing the end, or worse, *out* of its factory warranty period? Don't be left holding the repair bill! With over 13,000 mechanical parts that can break down on a vehicle, those bills can add up quickly.

You may think it is too late to get an extended warranty for your vehicle....**but it is not!** Seagoville Federal CU offers comprehensive, extended warranty coverage on most new and used vehicles, regardless of the current mileage on the odometer. It's the same type of coverage the dealers offer, but usually **HUNDREDS** of dollars less! You may even add the cost of the warranty to your Seagoville Federal CU auto loan - **WITHOUT** increasing your monthly loan payment.

PROTECT YOUR VEHICLE
